

# I Like to Bike to the Moon

Lyrics and Music by Faré (1973-)

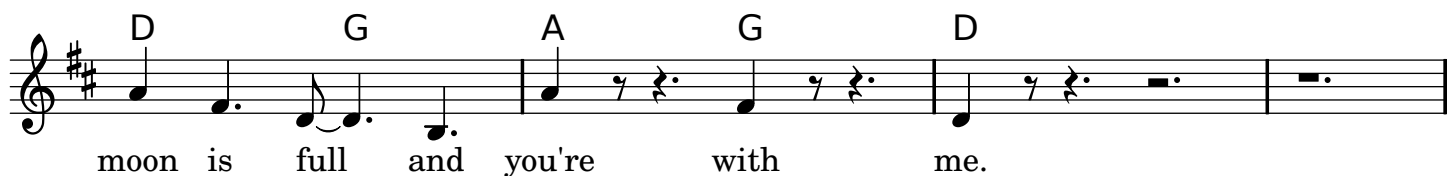

**Allegro**

I like to bike to the moon. I like to bike to the moon. The

cres-cent moon. And I'll know I am where I want to be When the

moon is full and you're with me.

Full moon, tonight there will be full moon, I swear there will be

full moon, though I may have to climb my way there, find my way there,

grind my way there, in the rain, in the mud, in the dark, in the wild,

up - hill, off road, with no lights, no maps, no phone, no g-p-s,

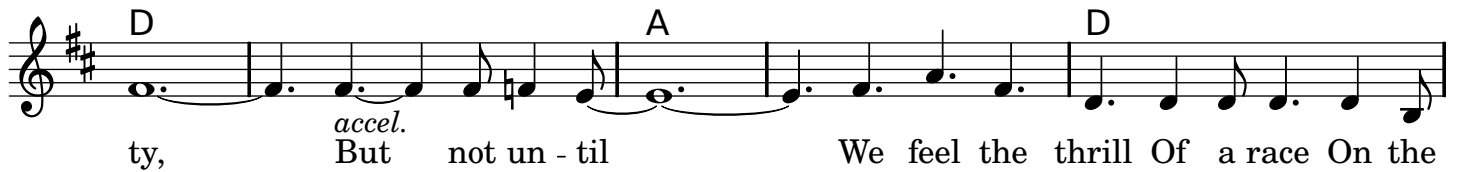

no giz-mo, no no-thing, Some way I'll get to you.

And when on the moon, I'll sing your fav'rite tune. When on the

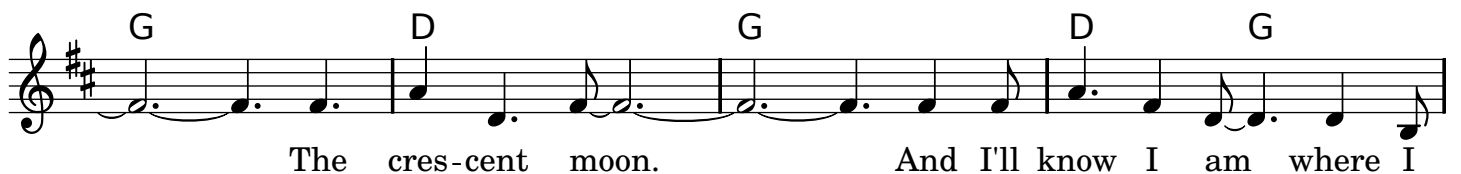

moon, I'll start us to croon. We'll swim in the sea Of Tranqui-li -

ty, *accel.* But not un - til We feel the thrill Of a race On the

o-ther face. I like to bike to the moon. I like to bike to the moon.

The cres-cent moon. And I'll know I am where I

want to be When the moon is full and you're with me.
