And a Pony
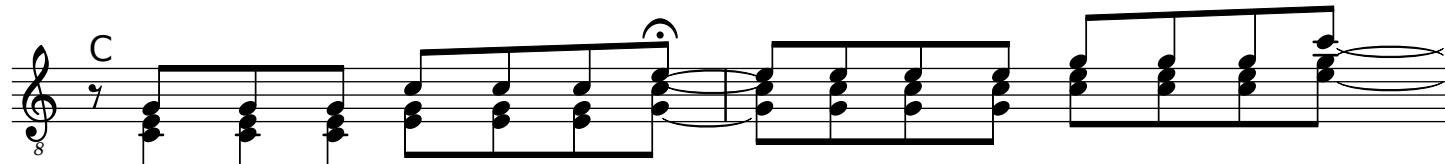

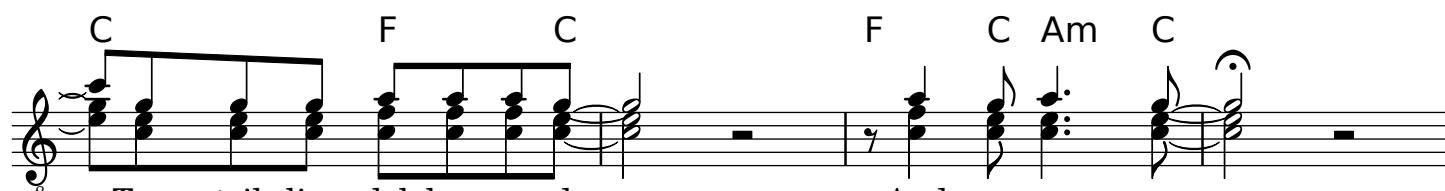

You want the end of all wars? I want the end of all wars,
You want free health care for all? I want free health care for all,
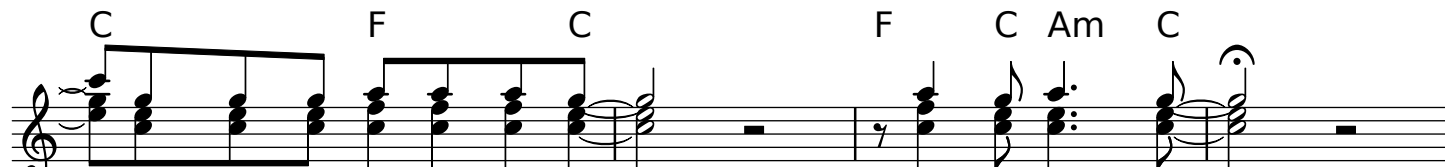

And then a trip to the stars; And a po - ny.
And death in per - ma - nent stall; And a po - ny.

You want a mi - ni - mum pay? I want a mi - ni - mum pay,
You want all chil - dren in schools, I want all chil - dren in schools

Two tril - lion dol - lars a day; And a po - ny.
That cram ge - nius in - to fools; And a po - ny.

Who does-n't love a po - ny? So cute, na - tu - ral and cud - dly!
Who does-n't love a po - ny? So cute, na - tu - ral and cud - dly!

You want u - ni - versal love? I want u - ni - ver - sal love; And a po - ny.
If you don't care for a ride, You can cook its yummy hide; Serve with ho - ney.
